LUXURY DOMESTIC SERVICE BASED IN THE NORTH WEST

We're a unique service. We know that people who like the finer things in life might want a helping hand with their home and grounds, but they won't necessarily have time to deal with lots of contractors. Nor will they want lots of people accessing their property. We pride ourselves on our professionalism, integrity and the quality of work we carry out.

We offer a contract service for luxury domestic properties, from internal cleaning and repairs to gardening and grounds maintenance. We're your one stop shop for keeping your home and land in perfect order.

Glenn Stock established the Unique Group in 2014. It has grown significantly since then and counts Burnley Football Club, Boundary Mill Stores, Tesco, and David Lloyds Gyms as just some of its customers. A demand for executive domestic property maintenance led to the establishment of Unique Domestic.

Our rich client base shows Unique's commitment to being the biggest and best property maintenance company in the North West.

Our commitment continues in our Domestic Services company as we aim to be the biggest and best domestic cleaning supplier.

We know that discretion is everything for you and that's why our one contact service to cover all your needs, with your own single Account Manager, makes things not only easier for you but ensures your privacy is maintained.

HOW IT WORKS

We offer all types of cleaning and maintenance services to ensure your home, grounds and vehicles are kept in the best condition.

We'll arrange an initial survey and discussion with you and agree those tailored services that you want delivering every week, every month, quarterly and annually. At the end of the month, you'll receive one bill for all the services you've received.
